TREATY WITH HAWAII

The Convention Agreed to by the Two Governments.

THE DOCUMENT MADE PUBLIC.

It Does Not Materially Differ From That Heretofore Published—It Will Hardly Be Ratified by the Senate This Session. Ex-Queen Liliuokalani Interviewed on the Subject—She Files a Protest.

WASHINGTON, June 18.—The senate in executive session yesterday afternoon made public the Hawaiian annexation treaty and accompanying papers. The following is the full text of the treaty: "The United States of America and the republic of Hawaii, in view of the natural dependence of the Hawaiian islands upon the United States, of their geographical proximity thereto, of the preponderant share acquired by the United States and its citizens in the industries and trade of said islands, and of the expressed desire of the government of the republic of Hawaii, that these islands should be incorporated into the United States as an integral part thereof, and under its sovereignty, have determined to accomplish by treaty an object so important to their mutual and permanent welfare.

"To this end, the high contracting parties have conferred full powers and authority upon their respective appointed plenipotentiaries, to wit: The president of the United States, John Sherman, secretary of state of the United States; the president of the republic of Hawaii, Francis March Hatch, Lorin A. Thurston and William A. Kinney. "Article 1. The republic of Hawaii hereby cedes absolutely and without reserve to the United States of America all rights of sovereignty of whatever kind in and over the Hawaiian islands and their dependencies; and it is agreed that all the territory of and appertaining to the republic of Hawaii is hereby annexed to the United States of America under the name of the territory of Hawaii.

"Article 2. The republic of Hawaii also cedes and hereby transfers to the United States the absolute fee and ownership of all public, government or crown lands, public buildings or edifices, ports, harbors, military equipments and all other public property of every kind and description, belonging to the government of the Hawaiian islands, together with every right and appurtenance thereunto appertaining.

"The existing laws of the United States relative to public lands shall not apply to such lands in the Hawaiian islands, but the congress of the United States shall enact special laws for their management and disposition, provided, that all revenue from the proceeds of the same, except as regards such parts thereof as may be used or occupied for the civil, military or naval purposes of the United States, or may be assigned for the use of the local government, shall be used solely for the benefit of the inhabitants of the Hawaiian islands for educational and other public purposes.

"Article 3. Until congress shall provide for the government of such islands, all the civil, judicial and military powers exercised by the officers of the existing government in said island shall be vested in such person or persons, and shall be exercised in such manner as the president of the United States shall direct, and the president shall have power to remove said officers and fill the vacancies so occasioned.

"The existing treaties of the Hawaiian islands with foreign nations shall forthwith cease, being replaced by such treaties as may exist, or as may be hereafter concluded between the United States, nor to any existing treaty of the municipal legislation of the Hawaiian islands, nor enacted for the fulfillment of the treaties so extinguished, and not inconsistent with this treaty nor contrary to the constitution of the United States, nor to any existing treaty of the United States, shall remain in force until the congress of the United States shall otherwise determine. Until legislation shall be enacted extending the United States customs laws and regulations to the Hawaiian islands, the existing customs relations of the Hawaiian islands with the United States and other countries shall remain unchanged.

"Article 4. The public debt of the republic of Hawaii, lawfully existing at the date of the exchange of the ratifications of this treaty, including the amounts due to depositors in the Hawaiian Postal Savings bank, is hereby assumed by the government of the United States, but the liability of the United States in this regard shall in no case exceed \$4,000,000. So long, however, as the existing government and the present commercial relations of the Hawaiian islands are continued as heretofore provided, said government shall continue to pay the interest on said debt.

"Article 5. There shall be no further immigration of Chinese into the Hawaiian islands, except upon such conditions as are now or may hereafter be allowed by the laws of the United States, and no Chinese, by reason of anything herein contained, shall be allowed to enter the United States from the Hawaiian islands.

"Article 6. The president shall appoint five commissioners, at least two of whom shall be residents of the Hawaiian islands, who shall as soon as reasonably practicable, recommend to congress such legislation concerning the territory of Hawaii as they shall deem necessary or proper.

"Article 7. This treaty shall be ratified by the president of the United States, by and with the advice and consent of the senate, and on the one part, and by the

president of the republic of Hawaii, by and with the advice and consent of the senate, in accordance with the constitution of said republic, on the other, and the ratifications thereof shall be exchanged at Washington as soon as possible.

The document is signed by John Sherman, Francis March Hatch, Lorin A. Thurston and William A. Kinney.

OPPOSITION IN THE SENATE.

Hawaiian Annexation Treaty Will Not Be Ratified This Session.

WASHINGTON, June 18.—The impression is now prevalent in the senate even by the friends of Hawaiian annexation that the treaty can not be ratified at the present session if there is any such opposition as promised. The program now is that the treaty will be reported from the committee and that after the tariff bill has passed it will be called up. The senate will be asked if a time for a vote can be fixed and upon the objections by the opponents of the treaty its friends will say they are content to allow it to lie over until the next session.

One reason for not pressing the treaty in the face of opposition is that the sentiment which may be only partially opposed to the treaty will be crystallized, which is not desirable. It is also believed that senators who are now undecided may become influenced favorably after mature consideration and after finding out what the drift of sentiment is in their states. It is well known that senators can not be held here after the tariff bill is passed in the hot weather.

LILIUOKALANI INTERVIEWED.

The Ex-Queen of Hawaii Does Not Like the Proposed Treaty.

NEW YORK, June 18.—A special to The Journal from Washington says: In an interview, ex-Queen Liliuokalani said of the proposed treaty between the United States and Hawaii: "Fifteen hundred people are giving away my country. The people of my country don't want to be annexed to the United States. Nor do the people of the United States want annexation.

"It is the work of 1,500 people, mostly Americans who have settled in Hawaii. Of this number those who are not native born Americans, are of American parentage. None of my people want the islands annexed. The population of the islands is 104,000. Of this number 40,000 are native Hawaiians. The rest are Americans, Germans, Portuguese, Japanese, Chinese, English and a small proportion from other countries. The 1,500 Americans who are responsible for what was done today are running the affairs of the islands.

"There is no provision made in this treaty for me. In the Harrison treaty I was allowed \$20,000 per year, but that treaty never went into effect. I have never received one dollar from the United States. No one looked after my interests in the proceedings of the treaty. Yet my people, who form so large a part of the population of the islands, would want justice done me."

Liliuokalani Files a Protest.

WASHINGTON, June 18.—About 3 o'clock yesterday afternoon, ex-Queen Liliuokalani filed a written protest in the office of the secretary of state against the ratification of the Hawaiian treaty. She says that the proposed treaty is "an act of wrong toward the native and part-native people of Hawaii, an invasion of the rights of the ruling chiefs, in violation of international rights both toward my people and toward friendly nations with whom they have made the treaties, the perpetuation of the fraud whereby the constitutional government was overthrown and finally an act of gross injustice to me."

Between a Motor Car and a Wagon.

CLEVELAND, June 18.—Judge Walter C. Ong of the common pleas bench was nearly killed yesterday by being caught on his bicycle between a wagon and a motor car. He was struck by the motor and crushed by the life guard. His spine is badly injured.

Those Rebels Will Not Down.

NEW YORK, June 18.—A dispatch to The Herald from Madrid says: An official telegram from Manila announces a desperate combat in the Philippine islands against the rebel general, Arguinaldo. The Spanish losses were over 100 killed and wounded. The news has caused a profoundly painful impression.

Outrage by Raiders.

MAYSVILLE, Ky., June 18.—Tollgate raiders, 38 in number, tore down the gate beyond Blue Lick Wednesday night. They captured the guards, James Dawson, Harrison Green and Charles Dawson. The raiders placed a rope around Charles Dawson's neck, but released him on condition that he would collect no more toll.

Agreeing on a Plan of Peace.

ATHENS, June 18.—It is reported here that the peace conference and the porte have accepted a settlement giving Turkey either the town of Ligaria, south-east of Miloussa, or Nezeros, north of Larissa.

Kicked to Death.

HUNTINGTON, Ind., June 18.—Arvie Neely, son of a farmer residing south of this city, was killed by being kicked on the head by a horse on Wednesday last. He lived but half an hour after the accident.

Woodford Will Go to Spain.

WASHINGTON, June 18.—Hon. Stewart L. Woodford of New York, the newly appointed minister to Spain, was yesterday in consultation with the president and formally accepted the office.

HEAT AND STORMS.

Electrical Phenomena Through the Ohio Valley.

LIVES LOST AT SEVERAL PLACES.

An Immense Amount of Damage Done to Property by Lightning and Floods—Intense Heat Not Allayed by the Rain—A Landslide in West Virginia Wrecks a Train and Kills Two Tramps.

CINCINNATI, June 18.—Rainstorms accompanied by electrical phenomena were reported throughout the Ohio valley Wednesday night and again last night. Here there has been much suffering from the intense heat, which is not allayed by the rain. Three cases of sunstroke are at the hospital.

In the rural districts much damaged is reported to the crops. Floods are reported everywhere and the electrical effects at Springfield and Gallipolis, O.; Lexington, Catlettsburg and Ashland, Ky., were such as to make some believe there was an earthquake.

At North Manchester, Ind., two persons were drowned in the flood at West Union a family of three narrowly escaped drowning.

Jacob Griner, a farmer near Ayersville, O., was struck by lightning while in his stable and instantly killed. The barn was destroyed.

Lightning struck the Citizens' Opera House in Defiance, O., while the high school graduating class was rehearsing, and Clinton Garvey and Fred Haller, members of the class, were knocked senseless, Garvey being rendered both blind and deaf for an hour.

At Wapakoneta, O., Peter Tabler, a farmer, was killed by lightning in his house, which was consumed by fire. His wife and children were seriously injured by the shock.

The Methodist church at New Hampshire, O., was struck by lightning and badly damaged.

At Canal Dover, O., the electric light wires were burned out during the electrical storm, leaving the city in darkness.

At Spencerville, O., Daniel Miller and his team were killed by lightning while working in the field.

Near Wilmington, O., George Seaman's stock barn was demolished by lightning and valuable stock lost. Near the same place Henry McGovern lost many fine cattle by lightning.

A fishing camp near Wilmington narrowly escaped from lightning and afterward from floods.

Near McArthur, O., several bridges were swept away, including the trestle on the Columbus, Hocking Valley and Toledo railway. The reservoir was also broken, flooding the surrounding country and doing great damage to growing crops.

The storm caused a landslide near Dingess, W. Va., which took a train of 20 freight cars with it and killed two tramps.

ALLEGED ATTEMPTED BRIBERY.

A Town Trustee Is Approached With a Corrupt Proposition.

MARION, Ind., June 18.—A sensation has been caused by the assertion of A. J. Miller, a member of the Jonesboro town board, that an attempt had been made to bribe him in the interest of the Clodfelter electric lines, which desires a franchise through the town over a certain street.

Miller says that one man approached him and offered him \$25 if a franchise on Ninth street could be secured, and that another man in the interest of the electric line offered him \$50 to the same end. The matter has been laid before the Jonesboro town board and an investigation, exposure and prosecution are promised as soon as the franchise question has been disposed of.

ATTEMPTED TRAIN WRECKING.

One of the Bandits Shot and Wounded and Another One Captured.

FLORA, Ill., June 18.—A daring attempt was made to hold up train No. 6 on the Baltimore and Ohio Southwestern two and one-half miles west of Odin at 10:30 last night by trainwreckers. Sheriff A. C. Barnes of Marion county was given a tip and was on the lookout. He detected Sam Tweed, a paroled prisoner, and Andrew Shoemaker, both from Centralia, Ill., in the act of placing ties on the track at Schoenfeld creek.

Tweed was shot and wounded, and Shoemaker was captured and taken on the train to Odin by the sheriff. The whole affair was so quietly conducted that passengers knew nothing of it until reaching Odin.

Rich Strike of Gold.

RAT PORTAGE, Ont., June 18.—A great strike of gold on an abandoned property has been made here by a company which has been prospecting for some time. Some of the pieces of quartz found in a shaft sunk only 10 feet are almost half solid gold. Pieces of quartz, broken by the blast in the shaft, hang together by strings of gold. Nuggets, leaf and wire gold are found. The strike is decidedly the richest made in this field so far.

Kansas Claiming Part of Missouri.

KANSAS CITY, June 18.—It is said that the present Populist administration of Kansas is about to make a fight to obtain possession of a half-mile slice of the most valuable property belonging to the city of Kansas City, Mo. The claim is based on assertion that Kansas territory has been encroached upon to this extent since Missouri was laid out as a state in 1820.

FATHER KNEIPP DEAD.

The World Renowned Water Cure Passes Away at His Bavarian Home.

MUNICH, June 18.—The Rev. Father Kneipp, known throughout the world for his water cure, who has been suffering for some time past, died at Woerishofen yesterday, aged 75 years.

FATHER KNEIPP.

When 25 years of age he entered the priesthood and was sent to the church of his native town, where he remained nine years, and in addition to attending to his priestly duties, practiced the water cure and met with considerable success. Some 42 years ago he was transferred from Ottoburn to Woerishofen, near Munich, where he continued to heal the sick by cold water cures, attracted much attention and greatly benefited the town.

Father Kneipp has treated many distinguished patients, including the Emperor of Austria, the Archduke Joseph of Austria, several members of the Rothschild family and the pope. Last year, it is estimated, about 30,000 people were treated by Father Kneipp and his assistants.

INCREASE OF SUICIDES.

Seventeen Bodies Taken From the Thames During the Past Three Weeks.

LONDON, June 18.—The body of a fashionably dressed woman, about 30 years of age, was found yesterday floating in the Thames near Tower bridge. In her purse she had some gold and silver, a gold wedding ring and two dress rings, a gold brooch and other articles, and on a keyring also found upon her were some American coins. All the clothing on the body was of the best materials.

This is the 17th body found in the lower Thames by the police during the last three weeks. They are believed to be the bodies of suicides, as in nearly all cases valuables were found upon the persons of the drowned.

There is nothing mysterious in the finding of the bodies, and the police account for the somewhat unusual number of suicides by the fact that the population of this city has been largely increased by jubilee visitors from the country, and by the advent of many foreigners from nearly all parts of the world.

Embezzler Found Guilty.

CINCINNATI, June 18.—Ex-County Clerk George Hobson was yesterday convicted of embezzlement on one count for \$7,000. Several other indictments are against him for embezzling \$25,000 as county clerk and \$60,000 as county recorder. He was given three days for arguments for a new trial, after which he will no doubt be sentenced to the penitentiary. He will not be tried on the other indictments at present. Although required to give enormous bail, he readily furnished bond heretofore. Last night he lodged in jail for the first time.

Insanity From a Mosquito Bite.

NEW YORK, June 18.—The bite of a mosquito was the cause of a man being sent to the insane pavilion at Bellevue yesterday. Carmine Lepre, a bootblack, 42 years old, a few days ago was bitten on the hand by a mosquito. He scratched it until it bled. Blood poisoning ensued and Wednesday evening he took to his bed and acted so irrationally that he was sent to Bellevue. This is perhaps the first case on record of insanity from a mosquito bite.

Millionaire Must Go to Jail.

SAN FRANCISCO, June 18.—Millionaire W. D. Bradbury, who was twice convicted of spitting in the street cars, must spend 24 hours in jail for his second offense, as the judge refused to impose a fine. Bradbury applied to the superior court for a writ of habeas corpus, but Judge Wallace denied the application, so the millionaire will have to go to the county jail. His case was the first test case under the new anti-expectoration ordinance.

One Dead, the Other Dying.

LITTLE FALLS, N. Y., June 18.—The Adirondack express yesterday afternoon struck a carriage containing Samuel Stimson and Miss Schermerhorn at the Main street crossing in Herkimer. Stimson was instantly killed and Miss Schermerhorn is dying. Samuel Stimson was one of the prominent Republicans of central New York. He was a former postmaster of Herkimer. Miss Schermerhorn was a teacher in the public schools.

Correspondent Scott Dead.

HOLLAND, Mich., June 18.—Word has been received here that Henry P. Scott, oldest son of the late Dr. Charles Scott, president of Hope college, died last night at his brother's home in Colorado Springs, Col. He was 43 years old. He was a prominent news correspondent of the eastern papers, having spent some years in Washington as correspondent for prominent western papers.

TROUBLE IN A COLLEGE

President Scovel Resigns From the Wooster University.

DISAGREES WITH THE FACULTY.

A More Liberal Policy Will Hereafter Prevail—G. A. R. Encampment Dolgus. End of the Lutheran Synod—Farmer Trampled to Death by His Team—Other Ohio State News.

WOOSTER, O., June 18.—Rev. Dr. S. F. Scovel, for a long time president of Wooster university, has tendered his resignation as a result of a disagreement between himself and the faculty. Last winter the faculty adopted a resolution to the effect that class day exercises must be held in the college gymnasium. In spite of that the class arranged for the exercises in the opera house. It was announced a day or two since that if the program was carried out, no diplomas would be awarded. All day Wednesday and most of Wednesday night the class and faculty were in conference, and finally the students gave way upon a promise from the faculty that it would bear the expense to which the class had been put.

At a meeting of the faculty yesterday afternoon a resolution providing for a more liberal policy toward the class in the future was proposed. Dr. Scovel said if the resolution was adopted he would resign. Several of the faculty said they would resign if the resolution was not adopted. The vote stood 11 to 6 for adoption, and Dr. Scovel kept his word by tendering his resignation to take effect within a year.

G. A. R. Encampment Dolgus.

CHILLICOTHE, O., June 18.—The annual encampment of the Ohio department of the G. A. R. was addressed yesterday by Congressman Grosvenor and others. On account of the heat in June it was decided to hold the encampment at Mount Vernon next year, and all encampments hereafter not later than May 15. Resolutions were adopted for the \$3 pension to all and the service pension of 1 cent per day, payable monthly. The Bushnell plan of paying pensions direct to the beneficiaries was also endorsed. Adjourned.

Wild Man Heard From Again.

TIFFIN, O., June 18.—The nude man, supposed to be crazy or a freak of nature, occupying the Ogel woods in Hopewell township, made his appearance again last evening when A. S. Kinney, a farmer, was passing the woods. He was but a hundred feet from Kinney when discovered and carried a club. Kinney, being horseback, started his horse at full speed and fired two shots at the man, but without effect. Several women have been frightened the past three days, and the authorities will make his arrest.

Finally Gave Up His Arm.

ZANESVILLE, O., June 18.—In order to save his life Railway Mail Agent Charles Sechrist has submitted to the amputation of his right arm. Mr. Sechrist was injured in a wreck on the Baltimore and Ohio near Mount Vernon four years ago. Mr. Sechrist submitted to operations of necrosis twice, portions of diseased bone being removed. The arm gathered strength after each operation, but grew worse when Mr. Sechrist returned to work. A cancer developed and amputation was resorted to to save his life.

Lutheran Synod Over.

MANSFIELD, O., June 18.—The general Lutheran synod completed its work in the afternoon session and formerly adjourned in the evening. Delegates freely expressed themselves that this synod has been remarkably active in the transaction of business that has come before it, and are gratified at the businesslike methods that have marked its deliberations. The ministers began leaving the city immediately after the afternoon session and comparatively few were present at the final adjournment.

Farmer Trampled to Death.

SCENERY, O., June 18.—While John Utley and son were returning home from Condit their team became unmanageable, and Mr. Utley, in trying quiet them, was thrown out. He was trampled by the horses and run over by the wagon. His ribs were crushed in and he was otherwise injured. He lived about four hours. He leaves a wife and a son about 11 years of age. The boy was uninjured.

Lake Business Picking Up.

CLEVELAND, June 18.—Two months ago the outlook for lake business for this season was dubious. A strong change for the better has now come. Since that time 7,000,000 tons of iron ore have been sold, 2,600,000 of which have been sold during the last two weeks. Sales are continuing briskly. This means a busy season for all the boats except a few small ones.

CHILLICOTHE, O., June 18.—James Schaffer, a boy 17 years of age, was driving a wagon down Bethel hill, when the horses ran away. He was thrown out and dragged behind the horses' heels for some distance. When found his head was mashed to a pulp.

Noonside Prisoner Escapes.

PORTSMOUTH, O., June 18.—Larkin Jackson, a moonshine prisoner, arrested at Grayson, Ky., en route to Covington on the steamer Stanley, in charge of Deputy United States Marshal James B. Prichard, escaped from the boat at this place and is still at large.

What is the difference between the sugar trust and the office-holder's trust fostered by the civil service law?—Public Ledger.

Well, the "office-holders trust" is not engaged in robbing the people of the United States out of millions of dollars a year.

The profits of the sugar trust from the Republican tariff will not be confined to the increased differential between future imports of raw and refined sugar. Claus Spreckels, Jr., who thoroughly understands the business, says:

Of late the sugar trust has been importing raw sugar from all over the world. By investigation I found that the trust has between 600,000 and 700,000 tons of raw sugar in storage. This has paid the present duty. As proposed now, the higher tariff would give the trust between \$16 and \$18 a ton profit, amounting to \$10,000,000 or \$12,000,000 in all. No more sugar crops can be produced in the world before January 1st next. The trust has the monopoly.

But Republicans of course will not kick, as they voted last fall for a man who favors such legislation.

WAGES GOING DOWN.

Notwithstanding the efforts of the Dan Mercantile Agency, Russell Sage, Chancey Depew, George Gould, Andrew Carnegie and other prominent beneficiaries of the present gold standard to make the people believe that the era of good times is upon us, an occasional glimpse of the truth may be had from gold standard authority, says the Louisville Dispatch. There has been no answer to the review of prices published by Bradstreet, showing the constant downward tendency, for the reason that the facts can not be denied in the face of common experience. The continuation of the gold standard means the continuation of low wages, cheap men and depreciated property. Only a short time since the Dispatch called attention to the declaration of Senator Elkins, of West Virginia, that "wages must come down." The Dispatch has also called attention to the argument of the Philadelphia Times, another gold standard authority, that "prosperity can only be restored by practicing greater economy." The Hon. John Wanamaker, of Philadelphia, who was Harrison's Postmaster General, has proclaimed the general distress which the gold standard has brought upon the masses of the people in Pennsylvania. Now comes the Boston Commercial Bulletin, a gold standard and high tariff organ, which says:

It looks as though, in spite of the efforts of one great political party, wages in this country are slowly but gradually getting down to the European basis. The fall in commodity values, cheap foreign labor, and the disappearance of large profits in business because of the big trusts or combinations of capital, are making this decline in wages not only possible, but inevitable.

Every labor organization in the country will testify to the truth of the statement that wages are gradually getting down to the European basis. The reasons stated by the Commercial Bulletin are unanswerable. It places first in the list of causes the fall in prices, for which there is but one remedy and that is a change in the money standard and an increase in the volume of money in circulation. It places cheap foreign labor second in the list.

BRILLIANT CLOSE

Of a Very Successful Year at St. Francis de Sales Academy.

Annual Commencement of This Popular School Thursday Morning—List of Pupils Awarded Medals.

Sunshine, music, flowers and pretty maidens are an aggregation that appeals to all, so with a flutter of happy anticipation the large audience greeted the opening of the program at the commencement exercises of St. Francis de Sales Academy yesterday. The entrance march was played with excellent ensemble by the Mandolin Club, in fact all the overture work showed a oneness of conception, an even balance, a dramatic attitude especially noteworthy. The vocal numbers evidenced musical temperament and the forcible, yet conservative training which brings out the roundness of every tone, accentuates every shading of expression but avoids all extremes and affectations. The violin class was universally complimented. The octet of violins and mandolins was generally remarked as far above the work of ordinary amateurs, and the violin solos were of unusual merit. In a word the entire musical program was the success to be expected from Sister Mary Agnes' earnest purpose, talent and superior training. The Delsarte Class did some effective work with delightful ease, finish and grace, the juniors making a most bewitching picture in grandma's gown. The reflective essays of the attractive young graduates showed honors and merit were in full accord. Miss Bayless, of Ohio, and Miss Wardle, of our city, received diplomas. The entire program was a choice, well arranged one, the numbers being well contrasted, and it held in unflinching interest the large audience. Quietly, silently, in dignified seclusion the ladies of the Visitation pursue their life work but stronger than words, more powerful than written praise is the living attestation of success proved in their students' work.

Following was the program:

The old man who looks out at the world with clear and healthy eyes cannot help feeling great gratification at the thought that his children have inherited from him no weakness nor tendency to disease. The healthy old man is the man who has throughout his life kept his digestion good and his blood pure. Not one in a thousand does do it. Germs go through the healthy body with out effect. Let them once find lodgment or let them find a weak spot, they will develop by the millions and the blood will be full of them. Instead of giving strength to the tissues, it will force upon them unwholesome matter, and the man will lose flesh and the more susceptible he is to disease. Dr. Pierce's Golden Medical Discovery is the only medicine that absolutely and infallibly cures all blood diseases, and almost all diseases are blood diseases. It isn't medicine for some one particular so-called disease. It is a medicine for the whole body. It forces out all germs of diseases, and replaces impurities with rich, red blood.

Deserves No Special Credit For It.

[Georgetown Times.]
A Mason County politician (may his tribe decrease) wrote to Gov. Bradley soliciting pardon for three men confined in the penitentiary, promising that if released they would vote the Republican ticket. Gov. Bradley refused, saying that the fact of a man being a Republican does not of itself entitle him to have his civil rights restored. The Governor's action was very proper, but he deserves no special credit for it.

MARTIN-BUTTERFIELD.

A Former Maysvillian Wedded at Cleveland, O.—Honeymoon to be Spent in Europe.

CLEVELAND, OHIO, June 12.—A quiet, beautiful wedding took place Monday afternoon at Trinity Chapel, when Dr. Thomas Charles Martin, of this city, and Mrs. Margaret Elizabeth Butterfield, of Washington, D. C., were united in marriage by Dean Williams. The impressive service was performed at 3:30 o'clock in the presence of about fifty relatives and intimate friends. The chapel was very handsomely decorated with flowers and plants, the chancel being enlivened in tall palms, Marguerites and lilies. The musicians were hidden by the dense foliage. A quartet sang the "Lobengrin" bridal chorus, accompanied on the organ by Prof. Clemens, as the wedding party entered. The groom and his best man, Judge Tod B. Galloway, of Columbus, advanced from the side. Dr. and Mrs. Pepper, of Huntington, W. Va., and Miss Martin, of Maysville, Ky., were the first relatives to arrive. Mrs. Pepper and Miss Martin are sisters of Dr. Martin. Next came the bride's aunt, Mrs. C. S. Pomeroy, and Miss Mary H. Pomeroy. The bride, accompanied by her cousin, Mr. Arthur Pomeroy, came last. She wore an elegant and very becoming gown of dove gray moire velvet, and large hat of cream lace with many blue plumes and bows of velvet. She carried a silver bound prayer book, the gift of Mrs. Pomeroy, and one long-stemmed American Beauty rose. After the betrothal Mr. Cogswell sang a bridal hymn by Barnaby, and after the prayer and benediction the party left the chapel to the music of the Mendelssohn recessional. Dr. and Mrs. Martin were driven at once to the Pomeroy residence, No. 961 Prospect street, and left from there at 6 o'clock Monday evening for New York, where they will be at the Waldorf a week, sailing on June 14 on the Teutonic for Europe. They expect to return in the early autumn, and will reside at the corner of Euclid avenue and Kennard street. Dr. Martin is a popular physician and society man in Cleveland, while his bride is a handsome young woman of considerable wealth. They were the recipients of many handsome wedding presents.

The groom is the eldest son of the late Dr. G. W. Martin, of this city. His many old friends in Maysville join in congratulations and good wishes.

Don't fail to read next week's paper about Maysville's great Fourth of July celebration; it will give you a full description of what you can see that day. It will be the biggest day Maysville will ever have. Don't miss it; if you do, you will regret it. Everybody is coming for twenty miles around to see the wonderful Japanese Circus.

Dr. E. O. GUERRANT will assist in a revival at Augusta next week.

Do not fail to take in the evening excursion on steamer Laurance. She leaves her float at 7 o'clock, makes a ten mile run up and down in front of city, returning at 8:30. Nice music. Cool breeze and enjoyable time. Fare ten cents.

Mr. J. H. WATSON, one of Minerva's aged and most respected citizens, while descending the stone steps in front of his residence a few days ago, suddenly became unconscious and fell, breaking both bones in his left arm and badly bruising his face.

V. S. SIMPLEY, the piano tuner from Zanesville, O., who was locked up a few days ago on his request because he thought he was losing his mind, is still in jail. His mother writes that she is unable to come for him. He will have to be sent back to Ohio, or released.

W. L. GEIGER, recently deceased at Ashland, left only a few thousand dollars to his wife and children and devised the balance of his fortune, supposed to be well toward \$100,000, to the American Tract Society, to which he was a devoted friend all his life. The family is contesting the will and a hearing will be had in the Boyd County Court on June 24.

Augusta Chronicle: "Last Saturday night while Brockman's Orchestra was serenading Mr. T. F. Marshall, his parrot seemed to enjoy the music as much as anyone. When the music began the bird cried out: 'How do you do. I am so glad to see you.' At the conclusion of the music the bird showed its appreciation by exclaiming, 'that's all right, Mr. Marshall.' The words used at the time made one almost think the bird possessed the power of reasoning."

The case of Isaac Thomas' administrator against the street railway company, and the Maysville Gas Company and the Citizens' Gas Company for \$20,000 damages is on trial in the Circuit Court. Judge Cole, Judge Phister and Mr. Allan Cole are attorneys for plaintiff, while defendants are represented by Mr. A. M. J. Cochran and Mr. W. H. Wadsworth. Young Thomas was killed last spring by coming in contact with an electric wire, and his relatives seek to recover damages.

MAYSVILLE 15, MT. CARMEL 8.

That's the Way the Ball Game Resulted Thursday—Mt. Olivets Coming Next Tuesday.

The game at the local ball park Thursday afternoon resulted in a victory for the Maysville boys, by a score of 15 to 8. Charley Davis was in the box for Maysville and pitched a good game, holding his opponents down to five hits. Owsley pitched for the Mt. Carmels and the locals touched him up for an even dozen safe drives.

The Mt. Olivet boys are coming down next Tuesday, when the locals and the Robertson County nine will cross bats at the Sixth ward park.

CAYWOOD-DAULTON.

A Mason-Fleming Couple Happily Wedded at Lexington Wednesday Evening.

[Ewing Inquirer.]

At the Phoenix Hotel, Lexington, Wednesday evening, June 16th, at 8:30 o'clock, George B. Caywood and Miss Bertha Daulton were quietly wedded. John F. Umstatter, of Fairview, and Miss Georgia Adamson, of Carlisle, accompanied them and were the only ones of their many friends that were let into their confidence.

Mr. Caywood is the eldest son of ex-Sheriff T. H. Caywood, of Fleming County, and a young man of exemplary habits. His many friends throughout the county will be delighted to learn of his good fortune in the selection of an helpmate, and wish them abundant happiness through the future that awaits them.

Miss Daulton, now Mrs. Caywood, is the only daughter of Mr. and Mrs. Delmore Daulton, of Maysville, and is a most enviable type of womanly beauty, accomplished, possessed of a gentle and sweet disposition, endowed with that gift of knowledge that attracts to her friends inseparable; like unto her brother, the gentlemanly Deputy County Clerk Ernest, her friends are by the score.

May their life in the future as has been the past a shining edifice, reciprocal of much pleasure, is the sincere wish of the Inquirer.

SIX PEOPLE INJURED.
Part of a Passenger Train Plunges Into the Chicago River.

CHICAGO, June 18.—A northbound suburban train on the Chicago, Milwaukee and St. Paul road ran into the Chicago river last night at Kinzie street. Six men were hurt, but it is not expected that any of them will die. Following is a list of the injured:

Elmer Goshorn, brakeman, hurt about side and arms.

Frank G. Cleveland, engineer, hole torn in right leg.

William E. Stevens, foreman, hurt in the side and arms.

George Upchurch, passenger, bruised in the side.

J. M. Merkely, bruised about the chest.

Unknown man, hurt in chest, injuries slight.

The train, which consisted of the engine and two cars, the first being a combination smoking and baggage car, and the second a regular passenger coach, left the depot at 9:50 and five minutes later the engine and first car were under the surface of the Chicago river.

The railroad crosses the river at Kinzie street, which is not over one-quarter of a mile north of the depot, and the train was consequently moving slowly. But for this fact the entire train must have gone into the river and the loss of life been heavy, as the passenger coach which did not go in contained about 30 passengers.

The trains always stop an instant before going upon the bridge, and last night Engineer Cleveland came to a stop about 200 feet south of the bridge. The lights were all right, signaling that the draw was closed, and he started up again. In a minute he saw through the darkness the shape of the bridge standing open, and made desperate efforts to stop the train. It was too late, however, and the engine plunged into the open draw, dragging with it the first car.

The accident, according to James Harrington, the bridge tender, was due entirely to the arrangement of the lights on the bridge. A large hexagon light is used, one half the lights being red, one-half white. Harrington said that he had opened the bridge for the passage of a tug with a mud scow, and was just swinging the bridge shut when the engineer caught an oblique glance at the light, instead of a look full at its face, and said that in either case the light would, from the tracks on which the engine was coming show white.

He easily proved his case by swinging the bridge into the position it occupied when the train ran over the edge, and the accident seems to have been caused entirely by the light.

The tracks are not more than four feet above the surface of the water and the fall was not great. About 15 people, including the trainmen, were carried into the water, but all were rescued without difficulty.

Bright Prospects For Three-Cent Fares.
INDIANAPOLIS, June 18.—Judge Showalter has telegraphed that he will be here next Thursday to consider the petition to dissolve the injunction against enforcing the 3-cent street car law. Since Showalter granted this injunction the supreme court of Indiana has held the law constitutional. The city believes Showalter will dissolve the former order and that after Thursday 3-cent fares will prevail.

THE BEST FOR PRACTICAL USE.
It is easy to find the word wanted.
It is easy to ascertain the pronunciation.
It is easy to trace the growth of a word.
It is easy to learn what a word means.

The Raleigh News & Observer says:
Our individual preferences were formerly for another dictionary, but a better acquaintance with the later edition of Webster (the International) has led us to regard it as the most valuable, and to consider it as the standard as far as any one dictionary should be so accurate, so complete, and so easy to use.

BOTH BRANCHES IN SESSION.
Tariff Talk in the Senate and a Cuban Speech in the House.

WASHINGTON, June 18.—The senate made greater progress yesterday on the tariff bill than any day since the debate opened. Two entire schedules, covering 20 pages, were completed, namely, schedule H, on spirits, wines and beverages, and schedule I, on manufactured cotton goods. This brings the senate to the flax schedule, with the important wool schedule standing next.

The portion of the bill passed yesterday is substantially the same as that reported, all committee changes being unimportant, while the opposition amendments of Mr. Jones of Arkansas and Mr. Vest were systematically rejected by majorities varying from 5 to 10.

House Proceedings.
WASHINGTON, June 18.—The house was in session an hour and a half yesterday, most of the time being taken up with the roll call. Mr. Sulzer (Dem., N. Y.) succeeded in injecting into the proceedings a brief speech in favor of Cuba in which he denounced Weyler as a "thief" and "murderer." The bill for the relief of the residents of Greer county, O. T., was passed. At 1:35 p. m. the house adjourned till Monday.

The New Chinese Consul General Gives Some Advice to His Countrymen.

SAN FRANCISCO, June 18.—The new Chinese consul general has issued a proclamation, copies of which he is sending to his countrymen throughout the United States, urging them to cease their feuds and to respect the laws of this country. He warns them against becoming entangled with white lawyers who, he says, will do his people no good.

If an era of peace and uprightness is finally established by the Chinese in this country, the consul general says he believes he can obtain a modification of some of the restrictions now in force against immigration.

Indiana Natural Gas Failing.
INDIANAPOLIS, June 18.—The annual report of the state geologist has just been made public. It states that the average gas pressure of Indiana has decreased about 20 pounds in the past 12 months. The state geologist says that the supply of natural gas is slowly but surely failing, and manufacturing establishments that consume 500,000 feet of gas a day can not be multiplied without exhausting the field. The Indiana production of oil last year was 4,659,000 barrels.

California Journalist Dead.
SAN FRANCISCO, June 18.—George Eustace Barnes, one of the oldest and most widely known journalists of the coast is dead. Heart failure was the cause of his death. PERSONAL.
—Mr. R. D. Wilson, of Vanceburg, was in town last evening.

—Mr. Geo. B. Caywood and bride are visiting relatives at Mt. Sterling.

—Mrs. Dr. Thompson has returned to Frankfort after spending a few weeks here with relatives.

—Captain Thomas of the towboat Jessie spent Thursday in Maysville, conferring with the coal merchants.

—Miss Mamie T. Moffett, of Ogden, Utah, arrived this week to spend the summer vacation with Mr. and Mrs. W. H. Thomas, of Dover. Miss Moffett has been teaching in the Ogden schools and will return to that city again in the fall.

—Messrs. George S. Rosser, M. J. McCarthy and Robert L. Hoeflich left this morning to attend the meeting of the Kentucky Press Association at Middlesboro, and take in the trip to Knoxville, Chattanooga and Nashville Centennial.

—Mr. W. W. Wikoff, the polite and accommodating C. and O. agent, left Thursday on a visit to his old home at Mason, O. After a stay there of a week or ten days he will leave for Muskegon, Mich., where he will spend his vacation. Mr. John Weimer will have charge of the office.

—Judge F. D. Bayless and wife, Mrs. Lizzie McKenzie and daughter, Mrs. J. W. Henk, Mr. J. M. Coleman, Miss Lulu Dunlap and Miss Ione Bunn, all of West Union, and Mrs. John K. Dunbar and Carrie J. Dunbar, of Manchester, were among those from a distance who attended the commencement at S. Francis de Sales Academy Thursday. They were all registered at the Central.

Free Pills.
Send your addresses to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by J. J. Wood, druggist.

Your Boy Won't Live a Month.
So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery, and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

"MOTHERS' FRIEND"

Shortens labor, lessens pain, diminishes danger to life of mother and child and leaves her in condition more favorable to speedy recovery. "Stronger after than before confinement" says a prominent midwife. Is the best remedy for RISING BREAST.

Known and worth the price for that alone. Endorsed and recommended by midwives and all ladies who have used it. Beware of substitutes and imitations.

Makes Child-Birth Easy.

Sent by Express or mail on receipt of price, \$1.00 per bottle. Book "TO MOTHERS" mailed free, containing voluntary testimonials.

BRADFIELD REGULATOR CO., ATLANTA, GA.
SOLD BY ALL DRUGGISTS.

LAND FOR SALE!

I will offer at private sale 660 acres of land lying in Salt Lick Valley, in Lewis County, Ky., and two and a half miles from Vanceburg, the county seat, and on a good turnpike. There is 100 acres of bottom land and 560 acres hill land. The hill land produces tobacco, corn, wheat and grass and is also the finest fruit and strawberry land in the State. The bottom land grows corn, wheat and timothy hay, and has 1,000 choicest fruit trees on it now. There are two good dwelling houses, a good stock barn, an almost new tobacco barn, a good corn crib and plenty of water for stock and family use. This is one of the best stock farms in the country. This farm is for sale under a judgment recently rendered in the Lewis Circuit Court and is offered at \$1,500, which is a very low price. Will make purchaser a warranty deed. For further information address E. C. BOWLAND, Vanceburg, Lewis County, Ky.

STRAWBERRIES
And Fruits of All Kinds,
at Wholesale and Retail.

Having my customary arrangements with some of the most experienced fruit growers my house during the season about to open will be headquarters for

STRAWBERRIES,
RASPBERRIES,
BLACKBERRIES,
PEACHES, ETC.,

of the very finest quality. This fruit will be handled with the greatest care and received by express and placed on the market here on the same day it is picked and will always be one day fresher than any other shipped to this market. All orders shall have my personal attention and billed at lowest prices ruling on day of receipt of order. I have also laid in, at extremely low prices, a very large supply of MASON FRUIT JARS. Persons wishing to buy will find it greatly to their advantage to get my prices before buying. My house is also headquarters for all kinds of fresh vegetables. Everybody invited to call and make themselves at home.
Telephone No. 33.

R. B. LOVEL
THE
LEADING GROCER.

At Ruggles' Camp Ground,

SATURDAY, JULY 3, at 10:30 a. m., the following privileges will be let to the highest bidder: Hotel, Confectionery, Stable, Baggage room and Barber shop. The board reserves the right to reject any or all bids.

The meeting on these beautiful and much improved grounds will be held beginning July 22, and closing on August 1. Eminent divines will be present. Rev. M. Swadner, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of Prof. J. G. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired.

A fourteen-room house has been built with porches all around, making accommodations for any and all comers. The Tabernacle has been enlarged and the hotel will be improved by the directors this year. And the best of all is we have excellent water—two large cisterns and three wells. One of the wells is 150 feet deep, the water of which has been analyzed and contains the following medicinal qualities: Total solids, 3.6 to the liter, soluble salts 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts .044 to the liter, consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Frenz and J. G. Dover, Frederick Douglass, of Covington, Maysville and Ashland districts. If you desire tents write
